## **PRESS RELEASE**

### **LINDERO CANYON/101 FREEWAY BRIDGE PAVING PROJECT SCHEDULED TO BEGIN FEBRUARY 17**

The final phase of the Lindero Canyon/101 Freeway Overpass project, an overlay of Lindero Canyon Road between Agoura Road and Via Colinas Road, is scheduled to begin on Tuesday, February 17. Work on this project will occur weeknights between the hours of 8:00 pm and 6:00 am to minimize inconvenience to motorists and residents.

The first 3 to 4 days of the project will involve necessary pavement repairs. Following this, the road will be grinded and repaved. Weather permitting, the project will be completed on Friday, February 27. One lane of travel in each direction along Lindero Canyon over the 101 Freeway will remain open at all times. The project may require occasional and intermittent closures of either on-ramps or off-ramps at Lindero Canyon Road throughout the evenings. Motorist will be detoured to either Westlake Boulevard or Reyes Adobe Road if affected by an on-ramp or off-ramp closure.

The City wishes to thank residents and motorists for their patience during the scheduling of this last phase of work. To receive text messages or e-mail updates during this last phase of construction, please visit the City's website and sign up for the "Lindero Canyon/101 Freeway Bridge Updates" notification under "Notify Me." If you have any questions about the project, please contact John Knipe, City Engineer at [john@wlv.org](mailto:john@wlv.org) or call City Hall at 818-706-1613.
