PRESS RELEASE

COMMUNITY WORKSHOP REGARDING CALIFORNIA DROUGHT AND WATER RESTRICTIONS

The City of Westlake Village and the Las Virgenes Municipal Water District (LVMWD) will present a community workshop on Wednesday, June 3 at 7:00 pm. The meeting will take place in the Westlake Village City Council Chambers. Representatives from the LVMWD will present information on the newest water rate schedule, water reducing measures for the home, and drought tolerant landscaping options. Included in the discussion will be a presentation by City staff on water reduction measures the City has already implemented along with future efforts. In addition, there will be information available for residents to take home with them. The event is free to attend and will feature a Q & A at the end of the presentations. For those unable to attend, the meeting will be shown live on WLVTV (channel 10 on Time Warner Cable and channel 99 on AT&T Uverse) or via live stream on the City's website. Following the meeting, the entire presentation can be accessed and viewed on demand via the City's website.

For more information about the event, please contact City Hall at 818-706-1613 or visit the City's website, www.wlv.org.
