

Rob de Geus,
*City Manager
Westlake Village*

Hello Westlake Village

My name is Rob de Geus your new City Manager. It is an honor and a privilege to serve as your City Manager, and to follow the steady and sound leadership of former City Manager Ray Taylor. My first day on the job was March 11, 2019, and I come to Westlake Village from the City of Palo Alto where I served as their Deputy City Manager. Moving to Westlake Village is an exciting professional and personal adventure for me and my family. As we began learning about Westlake Village, we were increasingly impressed by the people, the sense of community, the neighborhoods and the overall quality of life everyone has created here. My first few months on the job will include a lot of listening and getting to know the people that live and work here. In the weeks and months ahead, I will be out and about in Westlake Village meeting with residents, business owners, and community partners, in addition to attending our great community events and other gatherings. I'm looking forward to meeting and hearing from you and I am particularly interested in learning about your hopes for the future of your great City. My office is located at City Hall, 31200 Oak Crest Drive, and my email is rob@wlv.org; feel free to drop by to say hello or send me an email. Your City staff and Councilmembers are easily accessible whenever you need them, and I plan to be no exception. All of us are committed to maintaining the excellent quality of life in Westlake Village so that it continues to be a wonderful place to live, work and grow up. I look forward to seeing you around town!

UPDATE ON BUSINESS PARK SPECIFIC PLAN

Following many years of careful study and planning, the City will soon be releasing for public review a draft of the Business Park Specific Plan and the accompanying Environmental Impact Report. This plan, if adopted, will set the City's policy for the future development and use of properties within the Business Park areas north of the 101 freeway. Along with guiding development of private properties, the plan will also address improvements to public facilities and infrastructure, including the future development of sidewalks in the area.

The draft plan and EIR are expected to be posted for public review by April 1st. The review and comment period will last for at least 45 days. Following receipt of comments by the public and responses to those comments by the City staff and our technical consultants, the City Council will hold a public hearing to consider the plan's adoption. Stay tuned to the City's website at www.wlv.org, or better yet, sign up for public hearing notice alerts in the Notify Me section of the

website for a text message or email when the documents are posted. If you have questions about this project, please contact the Planning Department at (818) 706-1613.
